RE: **Permission for AEP (Blackhawk Coal) to dump sediment at AMRP Reclamation Disposal Pit.**

On July 27, 1990 Chandler Nowicki of American Electric Power Co., Blackhawk Coal requested permission from the Abandoned Mine Reclamation Program to dump sediment from the collection ponds on their Willow Creek properties at the AMRP Disposal Pit. As AMRP is using this site as a refuse pit for coal from Price River Coal Pile, Lower Willow Creek Pile, and potentially for material from the Upper Willow Creek Piles we see no problem with having this additional material placed at the pit. This permission is only given until topsoiling and final reclamation begins at the disposal site.
