RE: Concrete Pad and Lining Ditch DD-12, Permit Change, Utah Fuel Company, Skyline Mine, ACT/007/005-96C, Folder #3, Carbon County, Utah

TOPIC - ENGINEERING

ANALYSIS

1) The permittee has submitted and met all the necessary requirements for concrete lining DD-12.

2) The diversion is within the existing disturbed area and transports disturbed drainage to the sediment pond located at the railroad loadout.

3) The diversion is designed and P.E. certified as required under the R645 regulations.

4) This area is not within the U.S. Forest Service area and will not affect the public lands.

5) The Drainage Facility Map has been updated and is P.E. certified.

6) The TA should not be modified for this amendment.

PRICE FIELD OFFICE

FINDINGS

1) Amendment ACT/007/005-96C has an updated Drainage map giving the location of DD-12, and meets the R645-512 for a certified map. The permittee has certified designs meeting water capacity requirements. The permittee has followed all regulations of other State, Federal, and local agencies.

APPROVAL/DISAPPROVAL

Skyline mine is granted an approval for amendment ACT/007/005-96C effective July 24, 1996.
