The State of Utah  
Division of Oil, Gas and Mining  
No. 3 Triad Center  
Salt Lake City, Utah 84180-1203

2 October 1991

Dear Mr. Braxton:

Attached is a brief description of the fossil resin project that IRR intends to construct and operate in Emery County, Utah. It is being sent to enable you, and your staff, to evaluate the project and determine what, if any, permitting requirements are required from your department. It is our intention to construct and operate a plant that is safe, efficient, and in compliance with all relevant regulations.

If you have any questions, or need more information, please feel free to call me. At your earliest convenience we would appreciate a response that delineates any compliance required by your department.

Sincerely

Ronald L Atwood  
V.P. Operations
