Dear Dr. Nielson:

The Office of Surface Mining Reclamation and Enforcement (OSMRE), Western Field Operations (WFO), has received the October 28 and December 8, 1986, Kaiser Coal Corporation's submittals of amendment to the approved mine reclamation plan of Utah permit No. ACT/007/007 for the Sunnyside mine. The amendment is for construction of the coarse refuse toe pond. OSMRE reviewed this submittal and has determined that it does not constitute a modification to the approved mining plan under 30 CFR 746.18. Based on our review of the submittal, OSMRE concurs with the Division of Oil, Gas and Mining's (DOGM's) decision to approve the submittal as indicated in DOGM's letter dated January 5, 1987, and Federal permit UT-014, dated January, 1986, is revised accordingly.

If you have any questions, please contact David Costain or Richard Holbrook at (303) 844-2451.

Sincerely,

Allen D. Klein
