Ms. Jean Semborski
Engineer
United States Fuel Company
Hiawatha, Utah 84527

Dear Ms. Semborski:

Re: Final Approval of Request to Reduce Sedimentation Pond Inspection Frequency, U. S. Fuel Company, Hiawatha Complex, ACT/007/011-86C, Folder No. 4 and 7, Carbon County, Utah

The application for MRP permit amendment submitted by United States Fuel Company or July 18, 1986 has been reviewed by the Division. The submittal requested a reduction of the weekly inspection frequency of three sedimentation ponds, the South Fork yard, the South Fork loadout and the Middle Fork yard ponds. The proposed plans are acceptable and approval is hereby granted to proceed with a quarterly inspection schedule for these ponds.

Thank you for your cooperation in this matter. Please contact me or Dave Wham should you have any questions.

Sincerely,

D. Wayne Hedberg
Permit Supervisor/
Reclamation Hydrologist
