Re: Extension of Time to Abate NOV N96-46-2-1, United States Fuel Company, Hiawatha Complex, ACT/007/011, Folders #2 & #5, Carbon County, Utah

Dear Ms. Dragoo:

The Division received your request for an extension of time to abate NOV 96-46-2-1 on November 7, 1996. Your proposed strategy for resolving the NOV is acceptable and the Division agrees to extend the NOV, although for not as long as requested in your letter. It is felt that a more reasonable date for abatement would be Wednesday December 4, 1996. Pete Hess, the issuing inspector, will be forwarding a modification of the NOV to U. S. Fuel Company which reflects the December 4th date for abatement.

We encourage U. S. Fuel Company to resolve these issues as quickly as possible and look forward to working with you through the abatement process. Please call if you have any questions or concerns about the abatement requirements.

Yours Truly,

James W. Carter
Director
