Re: Transfer of Permit, Wellington Preparation Plant, ACT/007/012, Folder No. 2 and 4, Carbon County, Utah

The Division of Oil, Gas and Mining has approved transfer of the permit for the Wellington Preparation Plant from U. S. Steel Mining Corporation to Kaiser Coal Corporation. Kaiser Coal Corporation met all requirements for permit transfer under UMC 788.18, and has committed to continue to conduct the operations involved in full compliance with the terms and conditions of the original permit, unless and until it has obtained a new permit in accordance with the Utah Coal Program.

Enclosed for your information is a copy of the application for transfer of permit rights submitted by Kaiser Coal Corporation. This information should be inserted into the Mining and Reclamation Plan (MRP) for the Wellington Preparation Plant as a complete replacement for the existing Chapter II.

This letter does not constitute a request for review as no further permitting action is necessary. Please contact me or Susan Linner if we can provide further information.

Sincerely,
