Dear Mr. Grosely:

Re: Conditional Approval of Abatement Plan/PAP Amendment, Notice of Violation #N87-17-5-1, #1 of 1, Reclamation of Disturbed Area, Sediment Control & Disturbed Area Map, Kaiser Coal Corporation, Wellington Preparation Plant, ACT/007/012-87A, Folder No. 3, Carbon County, Utah

The Division has completed the review of Kaiser Coal Corporation's (Kaiser's) responses to Notice of Violation #N87-17-5-1, #1 of 1, received December 21, 1987 and January 8, 1988, respectively. The responses were reviewed by Rick Summers, Lynn Kunzler, and James Leatherwood of the Division of Oil, Gas and Mining. The abatement plan/PAP amendment has been determined adequate for approval.

As a condition to this approval, please send four (4) additional copies of the approved plans (i.e., text and map). These copies will be forwarded to the appropriate state and federal agencies to update file copies of Kaiser's approved Mining and Reclamation Plan permit application. Please provide these extra copies by February 19, 1988.

Thank you for your cooperation in completing this permitting action. As always, please call should you have questions or need additional information pertaining to this review.

Sincerely,

D. Wayne Hedberg
