Dear Ms. Spencer:

Re: P. O. Number: 583874

We spoke several times on the telephone last week concerning methods of analyses and rates. I am shipping three (3) samples which I would like analyzed for:

- Total sulfur (EPA 600/2-78-054 method 3.2.6)
- Organic and pyritic sulfur (above method rinsed with HCL)
- Neutralization potential (EPA 600/2-78-054 method 3.2.3)

I appreciate the information you've provided to me over the phone.

Sincerely,

Priscilla Burton
Reclamation Soils Specialist
