Dear Mr. Mortensen:

Re: Mid-Permit Term Review, Utah Fuel Company, Skyline Mine, ACT/007/005, Folder #2, Carbon County, Utah

The original permanent program mining permit for the Skyline Mine expired on April 30, 1987. The mid-point of the subsequent five-year permit term would have been October 30, 1989. Normally at this point, a Mid-Permit Term Review (MPTR) is done.

Since the permit has recently been updated and a new bond submitted as part of the permit renewal process there are no further requirements for a MPTR.

Sincerely,

Susan C. Linner
