Re: NPDES Permit UT-0023540

Dear Mr. Ostler,

In accordance with condition of NPDES Discharge Permit UT-0023540, Part II - I-3 and Utah Coal Mining Rules R645-301-731.223, Utah Fuel Company is herewith providing the required written notification of a failure to comply with the maximum effluent limitations for TDS at the 001 discharge point.

The problem occurred with the sample taken January 19, 1994, which had a TDS concentration of 1044 Mg/l. This concentration exceeds the 1000 Mg/l maximum limitation for TDS established in the current NPDES discharge permit. The laboratory report was received on January 31, 1994.

Sincerely,

Keith W Welch
