No. 2 Pond Spillway

ACT/007/016
~~Carbon County, Utah~~ #2

Dear Ms. Littig:

Per my telephone conversation with Mr. Ken Wyatt this date, it was agreed that no further response on the above referenced Division Order will be necessary, providing reclamation of the mine site proceeds as planned this year.

There is a possibility that reclamation could be delayed due to problems with the recently submitted reclamation plan. I have agreed with Mr. Wyatt, that if this should occur, Mountain Coal Company will go ahead and install the spillway in Pond 2, as approved in your letter of 12/6/91. It is our hope this won't be necessary; however, it will meet the requirements of the Division Order, if needed.

Thank you for your cooperation in this matter. If you have any questions or need any additional information, please let me know.

Respectfully,

Dan W. Guy
