Dear Mr. Guy:

Re: Water Quality Data, Mountain Coal Company, Gordon Creek #2, #7, and #8 Mine, ACT/007/016, Gordon Creek #3 and #6 Mine, ACT/007/017, Huntington #4 Mine, ACT/015/004, Trail Mountain Mine, ACT/015/009, C.V. Spur Processing and Loadout Facility, ACT/007/022, Folder #2, Carbon and Emery County, Utah

The Division is in receipt of the 1991 water quality data on the 5.25 inch floppy disk. Unfortunately, the "Smartsheet" (floppy disk) is incompatible with any program at the Division, (Quatro Pro, Lotus 1-2-3-, and even Word Perfect as a text file, ASCII file and spreadsheet). None of these programs can import and use Smartsheet spreadsheets.

Enclosed please find the Smartsheet floppy disk. Please reformat this data through the Smartsheet export program, if it has one, as ASCII files or some other type of export file function. Please submit a hard copy of this data also.

If you have any questions, please call me or Ken Wyatt. Thank you.

Sincerely,

Pamela Grubaugh-Littig
Permit Supervisor
