Cyprus Plateau Mining Corporation

Quarterly Refuse Pile Certification
Second Quarter 1994

I hereby certify that I am a registered professional engineer in the State of Utah. I certify that I have made an inspection of the coal processing refuse pile at Cyprus Plateau Mining Corporations' Star Point Mine in Carbon County Utah. The refuse pile has been constructed and maintained as designed. The 1992 certification performed by Rollins, Brown and Gunnel dated December 30, 1993 also certifies the pile to be in conformance with the requirements of design criteria. There are no apparent areas of instability, structural weakness or other hazardous conditions.
