Re: Periodic Briefing of Carbon County Interests by the Division

Dear Ms. Wright

We understand that representatives of the Division of Oil, Gas, and Mining periodically travel to Emery County and provide a briefing to representatives of various entities and interest groups regarding the Division's regulatory activities in the area, primarily related to coal mining. On behalf of the Carbon County Commission I would like to request that the Division provide a similar periodic briefing to Carbon County interests. The briefings could be held in the Commission Room at the Courthouse Building in Price (120 East Main), either before or after the Emery County briefings, at a time that is convenient for the Division

After you have had a chance to consider this request, please give me a call and we can discuss scheduling. I appreciate your consideration of this matter

Yours truly,
