RE: Fish and Wildlife Studies

Dear Ms. Wright,

Plateau Mining Company would like to formally begin the Consultation Process for Fish and Wildlife Studies.

In confirmation of our conversation today at our mine site you indicated that we could dispense with the maps called for in your guidelines because we included those maps in our original Mine Permit Application. You also indicated that you were going to request the other agencies involved to come to the Consultation Meeting sometime during the 1st week of November.

Because we are preparing additional information to be submitted with our Mine Permit Application we are anxious to get this consultation under way. We have a March 1, 1981 deadline for submitting our upgraded application to O.S.M., therefore we would like to proceed as expeditiously as possible.

Sincerely,

PLATEAU MINING COMPANY

Ben Grimes
Reclamation Specialist
