DIVISION OF
OIL, GAS AND MINING

The attached materials are being submitted to the Division on behalf of both ANDALEX and IPA. Subsequent to the most recent filings made with the Division of Oil, Gas & Mining, there have been some minor structural adjustments to the ANDALEX organization and there have been changes in individuals in both the ANDALEX and IPA organizations. The attached information provides new pages for ANDALEX, GENWAL and WEST RIDGE. The ANDALEX information also applies to the Wildcat Loadout. The IPA information is relevant to both GENWAL and WEST RIDGE.

The format of the information with respect to ANDALEX has changed from prior filings. We have made the change to conform to the format of what has been filed on behalf of ANDALEX in Kentucky. We believe this should reduce the possibility of confusion once the information is within the OSM system.

There has been no change in the operator/permittee of any of these operations or in the ultimate ownership of either entity. Except as shown in the attachments, there have been no other changes in the information as contained in the materials on file with the Division.

We hope this information will allow you to keep your files current. Please feel free to contact either me or any of the individual operations directly should you have any questions.

Sincerely,

Douglas H. Smith, President
