RE: Modification of
NOV N82-4-13-1
Bishopgate Coal Corp.
CEP/007/006
Carbon County, Utah

Dear Bill:

The Division appreciates your timely request for extention of the abatement deadline for NOV N82-4-13-1. I agree that it is still too early to attempt reclamation on drill hole 81-5-1 P. In light of this I have extended the abatement deadline on the NOV until May 30, 1983. At this time it is still too early to tell what kind of conditions you may find at the drill hole site even at the end of May, so please keep me informed.

Thanks once again for your timely request and please do not hesitate to call me should you have any questions concerning the NOV or any other matters.

Sincerely,

David Lof
