Re: Annual Report - For 1985 - Hydrology

Dear ~~Mr. Braxton:~~ LOWELL

Enclosed please find a copy of summary sheets and analysis of water monitoring data for our surface water, groundwater, mine water and sediment pond discharges. The data covers the entire history of water data collection at Plateau.

There is no narrative explanation of data. Our hydrologist is evaluating the data for formulation of a Probable Hydrologic Consequences Determination, to be included in our permit renewal document to be submitted in September.

This submittal completes the required information requested in your letter of December 23, 1985.

Respectfully,

Ben Grimes
Environmental Coordinator
