Gentleman:

Enclosed are the monthly discharge reports for the Deer Creek, Des-Bee-Dove, Trail Mountain, and Wilberg mines and the Hunter Coal Preparation and Blending Facility for the month of ~~February~~ March, 2001.

Please note that only one (1) sample was taken for the Trail Mountain Mine (UPDES Permit No. UT0023728). The mine is in the process of discontinuing its operations. The only discharge comes from overflow of the 100,000 gallon storage tank. Pumps are run sporadically and only energize when the storage tank is low. Historically, water quality of the discharge has not been an issue. Recently, all mine discharge pumps have been de-energized and the mine portals sealed by May 1, 2001.

If you have any questions concerning this report, please feel free to call Dennis Oakley at 687-4825 or Chuck Semborski at 687-4720.

Sincerely,

Carl Pollastro
Technical Services Manager
