RE: CHIA Workplan, Plateau Mining Company, Star Point Mine, ACT/007/006, Folder #2, Carbon County, Utah

Since the existing CHIA formulated for the Plateau Mining Company's Star Point Mine is inadequate, and a revised CHIA will be needed for the new lands revision, we will write a new CHIA for the Plateau 5-year renewal.

Attached is a rough outline of the CHIA depicting responsibilities for each portion. Please review previous CHIA's (Co-op Bear Canyon, Kaiser Sunnyside, Gordon Creek #3 and #6) if you are not familiar with this format.

Please submit your draft portion of the CHIA to me by January 16, 1987.

Thank you for your cooperation in this matter.
