3 Triad Center, Suite 350
Salt Lake City, UT 84180-1203

Dear Rick:

It is Utah Power & Light's intent to sample and measure water discharge from our springs on East Mountain during the week of July 10-14. During that week we would like to meet with the Forest Service and the Division of Oil, Gas and Mining in the field to identify springs to be monitored in the future. The springs to be reviewed are situated in our North Rilda property and the property we acquired from West Appa Coal.

Please notify me (653-2312) if there is a time when we could meet in the field for this purpose. We appreciate your cooperation.

Sincerely,

Rodger C. Fry
Manager of Geology
