Re: East Mountain Regulatory Review

From time to time we have sponsored an informal one-day meeting on East Mountain in central Utah to view and discuss the impacts of underground coal mining in the region. This popular event has been helpful to regulators and company personnel alike. Another meeting is planned for Wednesday, August 19, 1992. Our meeting will include a helicopter tour of subsidence zones, some brief presentations and a luncheon on East Mountain. Subsidence, hydrology, wildlife concerns and other issues will be discussed.

We are pleased to extend you an invitation to attend this event. Representatives from Utah Board of Oil, Gas and Mining, Utah Division of Oil, Gas and Mining, U.S. Forest Service, Bureau of Land Management, Energy West and PacifiCorp will be participating. We will send you a complete event schedule following confirmation of your participation.

Please RSVP by calling Ros Powell at 220-4695. If you need further details prior to RSVP, I can be reached at 220-4584. We look forward to seeing you on East Mountain.

J. Blake Webster
