Regarding: DOGM Inspection, June 15, 1988

Dear Ms. PAM Grubaugh - Littig;

Enclosed please find the following materials:

(1) Waste Rock Disposal Site Engineering Reports for First Quarter 1988.

(2) Memo from Jim Hislop addressing the status of the coal mine insurance.

This information was requested by yourself and Mr. Rick Smith during your inspection of June 15, 1988. I hope this material addresses your concerns. If you have questions, please call.

Sincerely,

Val Payne

WASTE ROCK DISPOSAL SITE

ENGINEERING REPORT

1ST QUARTER 1988

INTRODUCTION:

This report is required by UMC 817.71 (i) and our mine plan.

The disposal area is located on an approved 16 acre right-of-way from the B.L.M. located approximately two miles from the Cottonwood/Wilberg Mine site. This site serves both the Cottonwood/Wilberg and the Des-Bee-Dove Mines.

OPERATION:

During the 1st quarter, material from Cottonwood was placed in the facility. Trash and extraneous material was removed and spreading and compacting was completed.

CERTIFICATION:

I do hereby certify that the Cottonwood/Wilberg waste rock site is being constructed according to sound engineering practice, the regulations governing its construction and the approved M.R.P.

DEER CREEK

ACT/015/018

WASTE ROCK DISPOSAL SITE

ENGINEERING REPORT

1ST QUARTER 1988

INTRODUCTION:

The permitted site at the mine was complete during 4th quarter 1987. A plan has been submitted on March 7, 1988, to use this material for backfill to upgrade an existing storage pad in Elk Canyon. Pending approval of the plan the material is beginning stockpiled in Elk Canyon for this use. This plan will use approximately 24,500 yards of material. This should take roughly 7 months to completed this fill structure.

A waste rock storage plan was submitted to DOGM on April 13th. This plan, once approved, will handle the life of mine need for waste rock disposal.

CERTIFICATION:

I do hereby certify that the Deer Creek waste rock site is being constructed according to sound engineering practice and regulations governing its construction and the approved M.R.P.
