RE: Sediment Traps, Utah Power and Light Company, Cottonwood/Wilberg Mine, ACT/015/019-90I, Folder #2, Emery County, Utah

Synopsis

Installation designs of Two sediment traps installed prior to the sediment ponds are shown on plate 3-16 and described on page 3-33 of the PAP submittal. This memo reviews this installation.

Analysis

The sediment traps' designs are adequate to show that they will facilitate easy cleaning of sediments from the trap prior to the pond, therefore decreasing pond maintenance.

Recommendation

This amendment be approved.
