Inspection Memo
to Coal File:

RE: Bear Creek Canyon Portal
Co-op Mining Company
ACT/015/025
Emery County, Utah

The above mentioned operation was given a partial inspection on March 12, 1980 by Doug Stewart and Joe Helfrich from the Division; and Larry Damrau from the Office of Surface Mining. State and federal inspectors entered the permit area to determine if any additional disturbance had taken place since the previous inspection of March 5, 1980. Two gravel piles have been placed on the previously disturbed area adjacent to the main access road. No additional disturbances were noted.
