Dear Mr. Grimes:

Re: Review of PHC, Star Point Mine, Cyprus Plateau Mining Corporation, ACT/007/006-91C, Folder #2, Carbon County, Utah

The updated information, submitted January 15, 1993, for the PHC for the Star Point Mine and the Castle Valley Ridge Lease Tract has been reviewed. Technical reviewer, Mr. Hugh Klein, geologist and hydrologist on the technical review team, has raised legitimate questions and editorial comments that should be addressed.

The Castle Valley Ridge Lease Tract was determined administratively complete on March 1, 1993. There are still outstanding technical baseline water monitoring questions, but it was felt that there was information to determine the significant revision "administratively complete".

We would like to set up a meeting as soon as possible to discuss any questions you may have about this review, especially with Mr. Klein.

Sincerely,

Pamela Grubaugh-Littig
Permit Supervisor
