ABSTRACT

AC/007/022 #2
Copy

The Savage Industries, Inc. requested that the existing AO DAQE 007-97, dated January 10, 1997, be modified to increase current annual production limit of 3,000,000 tons to 8,000,000 tons of coal. In addition to request for production increase, the source reported that it is adding an additional stockpile area and a new stacking tube. The source also reported that it has paved the haul roads which will minimize fugitive dust emissions resulting from haul-traffic. The emissions, in tons per year, will change as follows: PM_{10} + 3.90, NO_x + 24.55, SO_2 + 1.61, CO + 5.29 VOC + 2.0. *

Carbon County is an attaintment area of the national air quality standards for all pollutants. New Source Performance Standards (NSPS) and Title V regulations apply to this source. National Emission Standards for Hazardous Air Pollutants (NESHAP) regulations does not apply to this source. A 30-day public comment period will be required before granting an approval order.

NOTICE

The following notice of intent to construct, submitted in accordance with Section R307-1-3.1, Utah Air Conservation Rules, has been received for consideration by the Executive Secretary, Utah Air Quality Board:

Savage Industries Incorporated
Location: 2025 East 5000 South Price, Utah 84501
Project Description: Modification of existing AO to increase production
The Proposed Emissions increase will be (A negative sign indicates a decrease in emission rates.):

PM_{10}	3.90 tons/year
SO_2	1.61 tons/year
NO_x	24.55 tons/year
CO	5.29 tons/year
VOC	2.00 tons/year

The engineering evaluation and air quality impact analysis have been completed and no new violations of National Ambient Air Quality Standards or Prevention of Significant Deterioration Increments will occur. It is the Intent of the Executive Secretary to approve the construction project.

The construction proposal and estimates of the effect on local air quality are available for public inspection and comment at the Division of Air Quality, Utah State Department of Environmental Quality, 150 North 1950 West, Salt Lake City, Utah 84114-4820. There will be a 30-day comment period held. Written comments received by the Division, at the same address on or before October 8, 1998, will be considered in making the final decision on the approval/disapproval of the proposed construction.

If anyone so requests to the Executive Secretary at the Division in writing, within 15 days of publication of the Notice, a hearing will be held to explain the project and technical rationale for proposed action. A hearing will be scheduled as close as practicable to the proposed project location. Comments obtained during a hearing will be evaluated and considered by the Executive Secretary before making a final decision on the approval/disapproval of the project.

Date of Notice: September 8, 1998
