**Re: 1995 Mineral Exploration Progress Reports for the H.S. Project (EXP/003/026), the K.B. Project (EXP/003/029), and the Tug Project (M/003/007).**

**Dear Mr. Kuntzler:**

Enclosed please find copies for Western States Minerals Corporation's 1995 annual progress reports for the H.S. Project, the K.B. Project, and the Tug Project. Note that the Tug Project is an exploration project that has been assigned a mining project file number. Because this project was never a mining project the 1995 progress report is being submitted on form MR-EPR and not the MR-AR form previously submitted.

During 1995, no exploration work was performed on the Tug and H.S. Projects. One exploration boring was completed in 1995 for the K.B. Project.

If you have any questions or concerns please contact me at (702) 856-3339 and I will gladly assist you.

**Sincerely ,**
**Western States Minerals Corporation**

Larry D. Berg
