Dear Mr. Suchoski:

Re: Kaiser Steel Corporation
Sunnyside Mine

This office has completed its review of the sediment pond plans for the coarse refuse pile. It is my opinion that the proposed structures do not present a hazard to life or property, and therefore, approval is given for construction.

The materials presently on file will satisfy Section 73-5-5 of the Utah Code Annotated 1953, and no further notification or data is needed.

Sincerely,

Dee C. Hansen
