Re: Notice of File Closure for Small Mining Project, Interstate Rock Quarries, Inc., Pauletto Millsite, S/003/061, Box Elder County, Utah

Dear Mr. Pauletto:

This letter is to notify you that the Division file, S/003/061, for the Pauletto Millsite small mining project, located in Section 31, T13N, R13W, Box Elder County, Utah, will now be closed.

We received notification from the BLM that you would not conduct milling activities and you withdrew your Notice. You also advised the BLM that the area has not been disturbed; a joint site inspection performed on March 30, 2001, by the BLM and this Division, verified there was no disturbance. The BLM subsequently closed out their case file for this project. As your project is located on BLM managed lands, the Division will accept the BLM's recommendation and also close our file for this project accordingly.

You are hereby released by the Division from the Pauletto Millsite permit. No disturbance is permitted at this project area. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
