RE: Sizing of Bridges Post Mining
Land Use Roads
Sunnyside Mine
ACT/007/007
Carbon County, Utah

Dear Doug:

This is to confirm a telephone conversation you had with Shannon Storrud, Division Reclamation Engineer, on December 14, 1983. He stated that you would need to size the bridges, hydrological structures (culverts, etc.), and the roads that will remain after the mining operation has ceased for a 100 year 24 hour event.

If you have any questions, please call.

Sincerely,

Pamela Grubaugh-Littig
Reclamation Engineer

PGL/jvb
