Mr. C.W. Winters
Kaiser Coal Corporation
P.O. Box 10
Sunnyside, Utah 84539

Dear Mr. Winters:

RE: Conditional Approval, Request to Amend Underground Water Monitoring Program, Kaiser Coal Corporation, Sunnyside Mines, ACT/007/007-86D, Folder #3 and #9, Carbon County, Utah

The Division has completed its review of Kaiser Coal Corporation's latest (October 24, 1986) submittal concerning proposed changes to the approved groundwater monitoring program at the Sunnyside Mines.

The Division cannot approve the request as submitted. However, as outlined in the attached technical memorandum, approval is hereby granted to relocate the No. 3 Mine Slope monitoring station to the B Canyon Entry as indicated on the mining sequence/borehole location map submitted October 24, 1986.

As a condition to this approval, please provide 12 copies of the above referenced map by December 1, 1986 in a format which allows direct insertion into the approved Sunnyside MRP. Thank you for your cooperation in this permitting matter. If you should have any questions or concerns, please contact me or Rick Smith.

Sincerely,

D. Wayne Hedberg
