RE: Jumbo Certificate of Deposit, Nuclear Fuel Services, M/017/001 and M/017/007, Garfield County, Utah

On October, 5, 1989, we renewed the Jumbo Certificate of Deposit, for the Nuclear Fuels Services reclamation surety. The next renewal will be in 60 days, December 4, 1989.

I will be able to get to the site by the 1st week of November, but there is no Board in November. The next Board after October, according to my schedule, is December 7, 1989. This means we will have to renew the Certificate of Deposit one more time before we are able to reduce the amount.

We can go through the same steps as last time, or supply the bank with a letter from you allowing the bank to maintain the Certificate of Deposit without your signature. We would still need to the have the old Certificate of Deposit endorsed and either mailed or run over to First Interstate, at the time of renewal.
