Subject: Extension of Reclamation Deadline, GR200 LLC, GR200 Plus Mine, S/019/0066, Grand County, Utah

Dear Mr. Lewis:

This letter is a follow-up to a telephone conversation between Mike Bradley of the Division of Oil, Gas and Mining and Dennis Cosby who has been working to reclaim a portion of the GR 200 Plus mine. Due to pending negotiations to sell some quantity of the stockpiled gravel at the mine, Mr. Cosby requested that the requirement to move the gravel back into the pit be delayed until sale of the gravel is either completed or abandoned. This letter grants a delay until March 1, 2016. All other requirements stipulated in the email sent on December 28, 2015, following the informal conference concerning cessation order MN-2014-68-02 remain in effect.

In addition, there are outstanding requirements from the citation that have not yet been met. A request for a revision to the Notice of Intention to Commence Small Mining Operations must be submitted updating the operator information. The current company listed as the operator, GR 200 Plus LLC, is not registered with the Utah Division of Corporations. You must also decide if you want to revise the permit up to 10 acres and provide the additional surety for the mine enlargement.

Sincerely,

Paul Baker
Minerals Program Manager
