ATTENTION: Mr. Jim Smith
Coordinator of Mined Land Development

Dear Jim:

Submitted herewith are a Notice of Intention to Revise Mining Operations, MR-Form 1, and a Mining and Reclamation Plan--Revised, MR-Form 2, together with three maps, which Brush Wellman is submitting at its election pursuant to U.C.A. §40-8-18. We are submitting these Forms in order to reflect the moderate enlargement in the scope of our mining activities both now and in the future which is and will be made possible by the acquistion last year of certain properties previously controlled by The Anaconda Company. The nature of our mining operations will not change as a result of this property acquisition, however.

Prepared on suggested application outlines are the following:

1. Notice of Intent to Revise Mining Operations (MR Form 1)

2. Mining and Reclamation Plan--Revised (MR Form 2)

Also included are appropriate maps of significant scale and detail, showing the location of the operations as well as other required information. The maps are entitled:

Plate 1 Topaz Mining Properties

Plate 2 Primary and Secondary Road System--Topaz Area

Plate 3 Cross-section Spoils Area

We solicit approval from the Board of Oil, Gas & Mining of this application and offer, if required, any further assistance deemed necessary to finalize such approval.

Jim, we wish to extend our appreciation to you and Ron Daniels for the welcome assistance you have given during the preparation of our applications.

Sincerely yours,

BRUSH WELLMAN INC.

Kenneth R. Poulson
Vice President
Mining & Exploration
