Re: Final Approval of Form and Amount of Replacement Surety, Ash Grove Cement Company, Leamington Quarry, M/023/004; Navajo Sandstone Quarry, M/023/010; Nielson Sandstone Quarry, M/023/012; and County Canyon Mine, M/023/024, Juab County, Utah

Dear Mr. Robinson:

On April 26, 1995, the Board of Oil, Gas and Mining formally approved of the form and amount of replacement surety for Ash Grove Cement Company's: Leamington Quarry, Navajo Sandstone Quarry, Nielson Quarry and County Canyon Mine. The reclamation sureties for all four mines are surety bonds issued by National Fire Insurance Company of Hartford. The Division hereby grants its final approval of the replacement reclamation sureties. Enclosed please find copies of the following fully signed and executed Reclamation Contracts and surety bond forms, effective May 1, 1995, for your files.

Mine ID No.	Mine Name	Surety Company	Bond No.
M/023/004	Leamington Quarry	National Fire Insurance Co. of Hartford	
M/023/010	Navajo Sandstone	National Fire Insurance Co. of Hartford	
M/023/012	Nielson Quarry	National Fire Insurance Co. of Hartford	
M/023/024	County Canyon	National Fire Insurance Co. of Hartford	

Also enclosed are the old original Reclamation Contracts and surety bonds which the Division now formally releases. The old surety bonds can be returned to your surety company. Following is a list of the old original Reclamation Contracts and surety bonds we are returning to you.

Mine ID No.	Mine Name	Surety Company	Bond No.
M/023/004	Leamington		*

**(Reclamation Contract only is enclosed for Leamington - the U.S. Forest Service holds original bond which can also be released as the new surety is being held by DOGM with USFS as joint agency).*

M/023/010	Navajo Sandstone	United States Fire Insurance Company	
M/023/012	Nielson Quarry	United States Fire Insurance Company	
M/023/024	County Canyon	United States Fire Insurance Company	

Thank you for your cooperation in finalizing this permitting action. Please call me if you have any questions in this regard.

Sincerely,

Anthony A. Gallegos
Reclamation Engineer
