Dear Pam:

Re: Operation And Reclamation Drainage Plans
For Coarse Refuse Disposal Area
NOV91-32-2-1, Permit No. ACT 007/007

Enclosed are three (3) copies of the Operational Drainage Plans for the Coarse Refuse Disposal Area and Plate III-40, Map D4-0147. These plans should enable abatement of Part 1 of NOV91-32-2-1 and should be incorporated into Sunnyside's Permit ACT 007/007 in Chapter III, pages 39, 40, and 41.

Abatement of Part 2 of NOV91-32-2-1 will commence upon Division approval and after the mine's two-week scheduled vacation ending August 2, 1991.

As we have discussed, these plans should allow EPC time to transfer this area from our permit to a permit in their name. If the transfer has not occurred by June 30, 1992, the Reclamation Drainage Plan will be implemented. Also enclosed are three (3) copies of the Reclamation Drainage Plan which has been clarified and should be incorporated into Chapter III, pages 45 and 45a.

We appreciate your help and cooperation in preparing these plans.

Sincerely,

Karl R. Houskeeper
