Dear Pam:

Re: Abatement of NOV N93-40-5-9 (8 of 9), Failure to Conduct Coal Mining and Reclamation Operations Only on Lands Specifically Designated in the Permit (Pasture Pond Outlet Ditch)

Attached please find an Application for Permit Change which contains documentation showing the correct location of the Pasture Pond Outlet Ditch relative to the correct location of the Permit Boundary. Also included is data relative to the capacity of the ditch to carry a 25-yr. 6-hr. storm event.

The enclosed information is provided solely for the purpose of abatement of the above pending NOV. By submission of this information, Sunnyside Coal Company does not waive any right to appeal the fact of the violation.

I trust that this information will meet with your approval and allow abatement of the above NOV. Please contact me if there are any problems or concerns.

Sincerely,

Gary E. Gray
Chief Engineer
