Re: Delinquent Annual Permit Fees, Southwest Stone, Three Mile #1 (S/025/013), Stonehedge (S/025/017), Low Down #1 (S/025/019), Long Gulch II (S/017/039), Millcreek 1, 2, & 3, (S/053/051), Kane, Garfield and Washington Counties, Utah

Dear Mr. Dettamanti:

On July 18, 1999, we received your request to waive your permit fees for the above listed sites. It is our understanding that you were late in filing your "small mine waiver" with the BLM and subsequently lost your mining claims and your right to continue mining within the Escalante Grand Staircase National Monument. You informed us that you were appealing the BLM's decision.

On August 6, 1999, we sent you a letter stating that the Division rules do not have the provision for a variance or waiver of the permit fees. However, given the unique circumstances, we proposed an extended incremental payment schedule to assist you in making these payments. We asked that you pay the $500.00 fee, or make four quarterly payments of $125; on 8/20/99, 11/20/99, 2/20/2000 and 5/20/2000. We informed you that we would consider other payment options that you might propose.

To date, we have not received any response from you regarding this situation. Because your mine sites are unreclaimed and the project files remain open, the permit fees are still required. We have enclosed a delinquency notice for each of your sites. We will grant you another 30 days for payment of these delinquent fees, before we are forced to turn this matter over to state collections. Revocation of all your state mining permits for these sites and a Board

Order to immediately reclaim all disturbances could result, following a mandatory public hearing before the Board of Oil, Gas and Mining.

Please contact us as to your intent regarding these fees. Thank you for your prompt attention to this matter.

Sincerely,

D. Wayne Hedberg
