Re: Sunnyside Plan of Action

Pursuant to conversations on April 26, 1994 with you, it became apparent that the direction that Daron and I have given to the staff and your direction of how to proceed with Sunnyside issues are not in concert.

You discussed the idea of "stringing them along", but did not discuss the details. At this point in time, I do not know who will be doing the "stringing along"? I will assume that is you. I do not know how the "string along" will occur. Will it be through plans, technical assessment, personal conversation? I will assume that you will handle. How does all of this relate to the bankruptcy? I do not know and I will assume you are handling it.

Therefore, as of today, Sunnyside has no priority in the review process. I will direct the staff to have no contact with Sunnyside and all inquiries regarding Sunnyside will go directly to you.
