Subject: Surety Terminations and a New Surety

$ $ $ $ $ $ $ $
Greetings:

Attached is a Federal Register Notice from the U.S. Treasury about three surety terminations: American Manufacturers Mutual Insurance Company; American Motorists Insurance Compnay; and Lumbermans Mutual Casualty. The Treasury Department advises Federal Bond Approving Officials to seek new bonds if holding bondds from these companies with significant bond amounts and not to renew any bonds with these companies.

One new surety has been authorized: Lesington Insurance Company with an underwriting limitation of $176.3 million.

Vicki
