Approval to mine or conduct exploration is automatically withdrawn if annual permit fees are not paid by the date due.

If reclamation is complete, please submit form MR-SITE to request either a full or partial release. The permit fee is not required if the entire site has been regraded and seeded; The Division will verify the reclamation work.

Subject: Past Due Permit Fees

Dear Operator:

Enclosed with this letter is a statement for permit fees. These annual fees were authorized by the Utah State Legislature and are required for continued authorization to conduct mining or exploration operations.

The enclosed statement shows the amount due for 2010-2011 and for past years. Until the fees have been paid, your approval to conduct mining operations is suspended. All past due fees as well as the current fee must be remitted by July 29, 2010. Continued non-payment beyond this date may result in withdrawal of your Notice of Intention (subject to appeal to the Board of Oil, Gas and Mining) and a requirement to reclaim immediately.

If you feel the amount shown in the statement as past due is incorrect, please contact me at 801-538-5261. If you call, it would be helpful if you could provide the date the fee was paid, the check number, and the amount of the check.

We look forward to continuing to work with you. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
