Leslie:

I am writing to request an extension on the submission of the M&RP updates for both the KUC Copperton Concentrator and Bingham Canyon Mine. As discussed several times, we are working on both these documents, but it is coming along slower than anticipated. As requested I have attached the index of both reports to show we are progressing. At this point we anticipate sending supplying initial drafts of both documents to the division before September 30, 2013. Please let me know if you have any questions or concerns. Thanks
