Subject: Review of Full Bond Release and File Closure, Staker Parsons Companies, Beef Hollow Quarry, S/035/0040, Salt Lake County, Utah

Dear Mr. Parsons:

On January 29, 2016, the Division of Oil, Gas and Mining received your request for a full release of the reclamation surety and file closure for the Beef Hollow quarry. The Notice of Intention to Commence Large Mining Operations (LMO) for the Beef Hollow large mine, file number M/035/0042, has yet to be approved. Before the Division can process this request, you will need to:

1) Complete the LMO permit approval process.
2) Re-submit the Application for Site and/or Bond Release found on the Division's Web site at www.ogm.utah.gov/minerals.

Once the Division receives the re-submitted Application for Site and/or Bond Release, it will inspect the site in a timely manner and respond to your request. If you have any questions or concerns regarding this letter, please contact Leslie Heppler at 801-538-5257.

Sincerely,

Paul B. Baker
Minerals Program Manager
