Becky, Joe and Mike,

Race and Todd have addressed the comments raised during our La Sal Complex site inspection in April. The following issues have been addressed:

- Beaver: fixed the minor erosion feature on the haul road on the north side of the East Beaver waste pile.
- La Sal: fixed the erosion feature and cleaned out the storm water pond off the south side of the parking lot (see attached photos).
- Snowball: fixed the silt fence off the southwest flank of the waste rock pile (see attached photos).

Please let me know if you have any questions or additional concerns from the inspection of the La Sal Complex.

Thanks,

Andrea

Andrea,

Thank you for the update. The photos are very helpful.

Best,

Joe Manning
