The Coal Program has established an electronic permitting process using the Google Drive.

The Google Drive will allow you submit amendments and any other permitting documents, electronically!

If you are interessted in taking advantage of electronic permitting, please complete and return the enclosed form and someone from the Division will contact you to set up your account, offer you Google Drive training and answer any questions you may have.

Contact Angela Nance at [\(801\)538-5264](tel:(801)538-5264) or angelanance@utah.gov if you have any questions.

Thanks!

This form is to be used for the purpose of registering and receiving permission to file electronic applications and reports via the internet pertaining to coal mining permits.

This form is also to be used to acknowledge that the electronic MRP found on the Division's website and copied to the company's Google Drive is the official MRP. The MRP was scanned directly from the Division's files. The Resident Agent and/or Company Representative is responsible for reviewing the electronic MRP to make sure that it is consistent with their records and working with the Division to address any discrepancies.

The name shown in the Authorized Company Representative section is the only individual recognized by the Utah Division of Oil, Gas and Mining as having permission to file electronic applications on behalf of the company shown above.

It is the responsibility of the registering company to immediately inform the Utah Division of Oil, Gas and Mining in writing of any changes (additions or removal) to the authorized company representative listed below.

Failure of the above company to comply with any and all rules, recommendations, and guidelines of the Utah Division of Oil, Gas and Mining may result in the revocation of permission to report electronically.

This form must be signed by the Resident Agent and Authorized Representative of the company.
