Re: Division Forms for Small Mining Operations, DeVar Shumway, Picture Rock Quarry S/037/099, Perkins Quarry S/037/100, Bacon Rock Quarry S/037/101, Comb Ridge Quarry S/037/102, San Juan County, Utah

Dear Mr. Shumway:

Thank you for taking the time to guide me to your various stone operations on June 6, 1997. My inspection memo was delayed until I could create site maps for all the areas we visited. A copy of that memo is attached for your information.

As I mentioned during the inspection, Division files do not have any information for these quarries. Please complete one of the enclosed Small Mining Operations Notice of Intention forms (SMO-NOI) for each of the four quarries listed above and return them to the Division. The forms need to be signed by the person considered as the actual mine operator. The inspection memo includes the names of who I believe are the operators of each quarry site along with the legal description of each site (obtained from the BLM). Please correct any of this information on the SMO-NOI forms you submit.

If you have any questions when completing the forms please call me at (801) 538-5267 or Joelle at (801) 538-5291. Thank you for your time and cooperation in completing these permit forms.

Sincerely,

Anthony A. Gallegos
Senior Reclamation Specialist
