Dear Mr Haddock:

Thank you for allowing us to participate in the public outreach for the evaluations of Utah's Coal Regulatory Programs. Kane County has just one regulated mine that we are aware off, The Alton Coal mine. We are aware of the Department of Oil, Gas and Mining's regular evaluation of the Alton mine, and believe that they are providing competent oversight to the mining process. There are minimal offsite impacts, and we are pleased with what appears to be successful reclamation efforts.

Thank you for your continued thorough oversight of the coal extraction process.

Sincerely,
Douglas Heaton
Kane County Commission
