Subject: Request for time extension and last years report - Utah Portland Quarries, Inc.

Joelle, I spoke with Vincent Smith of Lone Star Industries, Inc. (parent of Utah Portland Quarries???) today. Our annual report forms had been forwarded to him from their (now closed) Stamford, Conneticutt office. New office is located at following address:

Lone Star Industries, Inc.
10401 North Meridian Street, Suite 400
Indianapolis, Indiana 46290

Phone: (317) 706-3327
Fax: (317) 805-3250

I gave him a two week time extension to send us their annual report forms. He indicated they have all new staff working for them now (no one wanted to relocate from Conneticutt). They know little to nothing about the Utah projects per se, or our permitting requirements. Asked me to fax them copies of last years reports. When you have a moment or two, would you ask Vicki or Corinne to please pull the files, make copies of the 1999-2000 reports and fax them to Mr. Smith's attention.
M/045/005 - Little Mountain Quarry & M/045/021 - Quarry Antone - both are filed under Utah Portland Quarries, Inc.

Thank you!
